

**THE AIDA PROJECT SUPPORTS** building professionals and local authorities all over Europe in designing nearly zero-energy buildings (NZEB). AIDA offers action tailored to these target groups, such as study tours to innovative buildings, best-practice-learning from operational success stories, presentation of innovative design software and active support for municipalities. Be part of it!

# AIDA

**AFFIRMATIVE  
INTEGRATED  
ENERGY  
DESIGN  
ACTION**

Our project works in close co-operation with leading experts from Italy, Spain, France, Austria, Greece, UK and Hungary on renewable energy and energy efficiency

- National and international study tours to innovative buildings
- First-hand information on the latest developments and the state of the art
- Assistance for municipalities in the planning process of a new building or a major renovation (e. g. kindergarten, city hall, residential housing)
- Guidance in using nearly zero-energy design software
- Assistance in the development of NZEB-roadmaps for members of the covenant of mayors [www.eumayors.eu](http://www.eumayors.eu)
- Your nearly zero-energy building lowers operation cost and sets a positive example for the local community and neighbouring municipalities!
